18 October 2018

Dear Stakeholder,

M4 Windsor Road (Maidenhead, Berkshire) – Bridge Maintenance**What is happening?**

I am writing to inform you that Kier Highways, on behalf of Highways England, will soon be undertaking essential maintenance work to the bridge which carries the M4 motorway over the A308 Windsor Road near Bray (Maidenhead) in Berkshire.

The bridge deck has suffered significant corrosion for the effects of previously leaking bridge deck expansion joints. As a result, extensive concrete repairs are required.

When will this be happening?

This work is currently being scheduled to start on Monday 12 November 2018 and is expected to be completed in April 2019.

What restrictions will be in place?

To allow the scaffolding to be installed then dismantled, and for us to undertake repairs along the centre of the bridge, we will need to close the A308 beneath the bridge between Holyport Road and the B3028 Upper Bray Road overnight for a four week period (10pm to 5am). During these closures a clearly signed diversion will be in place via the A308, A332, M4 and A308(M).

Vehicles which are not permitted to travel on the motorway are recommended to travel to the A308 Windsor Road/Maidenhead Road, A332 Royal Windsor Way, A355 Tuns Lane, A4 Bath Road and A308 Braywick Road.

Once work along the centre of the bridge is complete, we will install 24 hour narrow lanes along the A308 beneath the bridge for approximately 12 weeks. This will mean the right-turn lane under the bridge will be unavailable during this period.

To reduce the risk of road traffic accidents and to maintain traffic flows, the right turn from the B3028 Upper Bray Road onto the A308 Windsor Road will be suspended and alternative route signed whilst works are ongoing.

Both footways under the bridge will remain open during this phase.

Please be aware that these works have been carefully programmed but are subject to change due to weather conditions or unforeseen circumstances – **please check the yellow signs placed in advance at the bridge for confirmation of the closures dates/timings.**

Staying up-to-date

To provide more details on the work and the traffic management restrictions which will be in place, an information event will be taking place where representatives from Highways England and Kier Highways (the principal contractor) will be available to answer any questions relating to the scheme.

The event will be held on Friday 26 October 2018 between 2pm and 8pm at Braywick Sports Centre, Braywick Road, Maidenhead, SL6 1BN

We would like to apologise in advance for any inconvenience or disruption caused during our work. If you have any questions, or if you'd like to know about our work please contact us on 0300 123 5000 or email info@highwaysengland.co.uk

Yours faithfully

Kathryn Blofield
Communications Coordinator
